

# THE CLEAN GET AWAY Car Wash .....ADS UP!!

*Your advertisement is seen while they clean*

## WHAT

Highly visible 20"x16" **In-Bay Messaging** is a wall mounted graphic displaying your unique message. Printed aluminum with UV resistant ink, your advertisement will hold up to constant water and soap exposure with continued radiance.

## WHO

A safe, clean atmosphere, and community convenience draws hundreds of people to our site daily. Advertising in our bays exposes your product to a community living in middle-upper income neighborhoods, bustling business parks, and daily commuters who take advantage of our services at the high volume intersection of **Pines Blvd. and University Dr. in beautiful Pembroke Pines, Florida.**

## WHERE

Exposure is everything when you want your message out with a shout! On average our customers spend 10 to 15 minutes in a bay. That is a captive audience viewing your advertisement 600-times longer than they would an outdoor billboard. The in-bay messaging board is visible to people who are using vacuums and driving toward or away. **Address: 7969 Pines Blvd. Pembroke Pines, FL**

## HOW

From the conception of the advertisement to the installation of boards, THE CLEAN GET AWAY has gathered a top-notch team of professionals in several industries to make advertising with us simple. Graphic design is available on request to create professional and memorable advertisements. The **Setup costs include the costs of the signs** to be made (must be approved) and installation.

Note: Setup costs are waived if Advertiser pays for signs to be made.
